Liverpool GC

Western Metropolitan Clubs Golf Day
raising funds for Little Wings

4 Ball Ambrose Rain/showers

The CHP RSL asked us to represent the club and our team of Ron Williamson, Joanne Kinkead, George Liu and Laurie McMartin pulled on our Celery and Navy Shirts, our club vests and then covered up with our wet weather gear as the rain/showers dampened the start of the day, with the sprinkles continuing on and off for most of our first nine, being the back nine as we started on the 10th tee. Our club umbrellas got a work out.

The weather slowed the run of the ball today, which we had become accustomed to over the drought effected fairways for months, so it was a shock to see the ball run over the damp grass with a "roaster tail spray". This didn't effect Joanne Kinkead's drive off the 9th tee to win the Ladies Longest Drive of a box of golf balls after the sun had dried the fairways by the time we came down the final straight and at the end of our round.

We shot 4 over par, getting only one birdie on our round to finish with 76/nett 64 1/4 with the winners on the day having 55 1/2 , so we were as AC/DC would sing "it's a long way from the top if you want a sausage roll/rock-n-roll"

We had a good day, didn't get too wet, and enjoyed our day out west. We didn't win any of the prizes (except Joanne) and raffles but plenty of funds were raised to fly sick kids from the country to hospitals for treatment, the reason we were at Liverpool G.C. on the day.

The Bearded One
